THOUSANDS CAME

and all were pleased

TO SAY that our Opening Festival last Friday was a huge success is putting it mildly. We expected that we would have a crowd, but we are frank to admit that we didn't anticipate that there would be such a wonderful response to our invitation, and we want to express our hearty gratitude for the way you favored us with your presence.

And now that the fun and frolic are over, we will be just as zealous in our efforts to please you with good, dependable merchandise, for after all, a fine store is merely a pleasant place to shop and what you really want are goods that measure up to the highest qualities and prices that represent honest values, and that is what we are giving you at our fine new store.

Among the newest arrivals is a fine shipment of **Women's Novelty Slippers**

Chic models in the very newest colors; beige, white, grey, etc. There are so many different styles we just can't picture them to you,—you've just GOT to see them. And of course, we have hose to match. Ask to see the "sport" oxfords. They are peppy without being gaudy. You'll want a pair when you see them. For those who want the more conservative models, we have a fine selection. And no matter how much or how little you pay, you are sure of getting a good fit. Our experienced shoe clerks see to that.
